

List of TAGS in payroll

When preparing or reviewing payroll on Totem, the system provides a number of useful TAGS that will allow to quickly assess any important changes to employee status.

These changes are visible when the payroll is run and to any people involved in the checking or approval process. The information is also permanently saved as part of the payroll history. The changes will show for the period of the payroll and depending on the relevance of the information, may continue for the following periods.

Dashboard	Prepare Payroll	Pay Employees	Month End Process	Close Year	Reports	Settings
